Summary

I have over 6 years of experience in creating applications using React and JavaScript, delivering robust and user-friendly solutions. I have successfully served prestigious clients such as Arc'teryx, TELUS, and BCLC, exceeding their expectations and enhancing their customer satisfaction.

I am passionate about innovation, growth, and continuous learning, and I always stay updated on industry trends and emerging technologies. I have obtained JavaScript and Problem Solving certifications from HackerRank, demonstrating my proficiency and expertise in these areas. I also offer consultation services to clients, providing guidance and expertise in digital strategy and innovation. I am looking for a challenging role where I can leverage my skills and experience to make a significant impact in the digital industry.
